## Wireless Medium Range Personnel Call System

To summon assistance in lone worker situations. Helping you to meet your employer Health and Safety obligations for your staff.

**Installed in Minutes**

**Unlimited Transmitters & Pager Units**

**Up to 250m Range**

**Audible Warning & LCD Pager Display**

**Individual Text ID Message**

**No Ongoing Contracts**

**No Licence Needed**

**Battery Operated**

This unit can be worn on a belt or in a top pocket or simply kept in easy reach of the person. Activate it by pressing the small button in the centre panel.

The pre-set message ID is sent directly to a pocket display pager for help to arrive promptly.

The "personnel call" unit runs on a single PP3 battery.

The "pager" can be set to bleep or vibrate mode, as required, and uses a single AAA battery.

The system can handle any number of pagers or personnel units and can be added to at any time, enabling the system to grow with your business or organisation.

The anticipated call range from the "MR" personnel unit to the dedicated pager(s) is up to 250 metres, covering most large buildings and office sites, depending on the local topography.

**All equipment conforms to the UK licensing requirements & CE regulations.**
